In the Claims

Please cancel claims 1-21.

Please add the following new claims:

---

Q<sup>2</sup> 22. A bone marrow hematopoietic stem cell from a recipient mammal into which has been inserted DNA encoding an MHC class I antigen of a MHC nonidentical donor of the same species.

23. The bone marrow hematopoietic stem cell of claim 22, wherein said stem cell is capable of expressing said DNA in said recipient mammal and when introduced into said recipient mammal is capable of inhibiting said recipient's immune response to a tissue of said donor, which tissue expresses the same MHC class I antigen as that encoded by said DNA.

24. The bone marrow hematopoietic stem cell of claim 22, wherein the recipient mammal is a human.
